

COLLEGE OF MEDICINE

CREATING HEALTH TOGETHER

Michael Pittilo Student Essay Prize 2014

Is there a link between increasing self management, and the resilience of the care provider? Will empowering and enabling the patient to take on more responsibility for their own health, actually help the care provider feel a greater accomplishment and allow them to let go of a bit of the responsibility?

Words; 1,500

Deadline: 6pm, Friday 27th June

First prize includes:

- £500

- Publication in the International Therapist Journal & CoM publications
