

COLLEGE OF MEDICINE

AND INTEGRATED HEALTH

College of Medicine Membership

The College reserves the right to refuse membership to any applicant. The College need not give a reason for the refusal, but will inform the applicant that their application has been unsuccessful.

Resignation

You can resign your membership any time by contacting info@collegeofmedicine.org.uk
Refunds on membership are at the discretion of the Council.

Lapse of membership

We will remove your name from our members' list if you do not pay your full subscription after a final reminder. You must also pay any subscription arrears before being reinstated. Membership will be considered to be cancelled after 3 months from the expiration date, or from the scheduled course end date for student members.

Removal of membership

We can immediately terminate your membership as an appropriate action – if the College received information that you have been suspended or are facing disciplinary procedures by your registering/regulatory body or if your actions/activities are deemed by the Council to be not fitting with the College's ethos or which may cause reputational harm to the College of Medicine (however intended). You must pay all arrears up to your termination date before being reinstated. We will also decide when we will allow you to be reinstated. This decision will be taken by the Chair of the Council on behalf of the Council.

Suspending your membership

If the College Council is considering removing your membership, it may decide to temporarily suspend your membership benefits until a final decision is made.

Deceased members

We will close down your membership immediately once we've verified that death has occurred. Your executor can apply for a monthly pro-rata reimbursement of your unused subscription.

Taking a break from membership

We do not allow members to take a break from their membership role.
